

President's Message - January 2021

A Happy New Year to all our members and supporters. Challenges continue into 2021 but CAI Canada is dedicated to supporting our members and the condominium industry. With this goal in mind, we have been working on a series of educational events designed to support you over the year with relevant information and resources that are needed as we continue to face new industry challenges.

Our first webinar of the year “**The Importance of Energy Audits and Available Government Incentives for Condo Corporations**” is taking place on January 27, 2021, at 1 pm. With the new **Ontario Electricity Rebate Program** now in effect, this timely webinar is a must-attend for board members and condo managers.

Register here to attend for FREE.

Virtual Condo AGMs and meetings were a new occurrence in 2020 and don't appear to be going away soon. As many of you continue to deal with virtual meetings, I share with you an informative article called “What's ahead for virtual meetings in 2021” written by CAI Canada past-president Denise Lash.

<https://www.reminetwork.com/articles/future-virtual-meetings-2021/>

Please refer to the CAI Canada website listed below to learn more about the events scheduled for the upcoming months. Should you have a suggestion(s) for a webinar topic(s) or wish to present a webinar on behalf of CAI Canada, we would be happy to hear from you. Please contact Wendy at hello@caicanada.com.

On behalf of my fellow CAI board members and staff, I wish you a Prosperous and Healthy 2021.

Sincerely,
Mark Hopkins
President CAI Canada
