

The 2024 education/conference committee worked throughout the year to put together the 2024 CAI Canada Conference, held on September 26 in Toronto. This year's conference brought together professionals, experts and thought leaders from across the industry, and focused on providing valuable educational sessions that addressed some of the most pressing and timely "hot topics" facing the condominium industry today. The conference was a resounding success, and we owe this accomplishment to the hard work of our volunteers, the generosity of our sponsors and the participation of all our attendees.

At the heart of this year's Conference were the educational sessions, which sought to identify emerging trends and challenges for condominium corporations. From general safety to fire safety, and from sustainability to mental health, each session aimed to provide the attendees with practical and actionable knowledge that they could apply at their condominium corporations. We are grateful for the time and effort that our moderators and speakers dedicated to ensuring that the attendees would leave more knowledgeable than before arriving at the conference.

We would also like to extend our sincerest thanks to our sponsors – including our title sponsor Egis - whose generosity and support made this event possible. The commitment of all of our sponsors to furthering education and professional development in our field is invaluable and we look forward to continuing to collaborate in the years ahead.

In addition to our sponsors, this year's conference would not have been possible without the dedication of our incredible volunteers. The education/conference committee is made up of professionals who take time out of their busy lives to give back to the community and industry that has given them so much. A huge thank you to our education/conference committee members: Bradley Chaplick, Tanisha Jhuman, Shawn Pulver, Yasmeen Nurmohamed, Sam Soltani, Darla Ahmeti, Darryl Fulton, Babak Ardan and Natalia Polis.

Last, and surely not least, the education/conference committee is grateful for the effort, work and support given by Lynn Morrovat and her team TouchPoint AMC. The conference would not have been a success without you, and we thank you for ensuring that the ideas of the education/conference committee come to fruition.

As we look ahead to next year, the the education/conference committee has already begun planning an even more impactful and engaging conference. Thank you once again to everyone who made this year's conference a success. We can't wait to see you next year!
